Dear Maureen

## **Broxhead Common**

Thank you for your letter of 23 October 2007.

The points you have made have been noted and will be taken into account. As you will know from our previous correspondence, in light of the Inspector's letter and your correspondence, the Countryside Service will be taking up this matter with the owner of the land in order to secure access for riders. I understand that your view is that the Council has every right to insist upon this however our approach will be to try and secure improved access with the co-operation of the landowner.

We shall keep you informed of progress. In the meantime if you wish to follow this up please contact Andrew Smith in our Countryside Service.

Yours sincerely

A handwritten signature in black ink, appearing to read 'Ken', with a long horizontal line extending to the right.

Ken Thornber  
Leader
