

Imagine...

...how easily lives are shattered

The British Horse Society passionately campaigns on raising safety standards and deals with issues that could save your life from being shattered, or that of someone you know.

*Have you taken your BHS Riding and Road Safety Test?
It could save not only your life, but that of your horse and other road users as well.*

To continue this vital work helping to keep you and your horse in one piece, we need to recruit more members, after all, there's always more safety in numbers.

MORE MEMBERS, LOUDER VOICES, STRONGER ACTION

The charity that fights on your behalf. Join us now
